

- 🎯 Do you enjoy working in an interdisciplinary / multi-professional team?
- 🎯 Would you like to have more quality time for your patients and their carers?
- 🎯 Is the overall care for your patients an important factor to you?
- 🎯 Would you like to take another career step and still be able to combine family and work?

Then you found the right place!

The MZEB is looking for you!

Senior assistant medical director for general medicine, internal medicine or neurology (m/f/d), full-time or part-time, unlimited

Who are we:

The *Zentrum für Sozialpädiatrie und Frühförderung Trier (SPZ) und Zentrum für Erwachsene mit Behinderung (MZEB) gGmbH* is a diagnostic and therapy center for children and teenager with developmental abnormalities up to developmental disorders, complex disorders, with impending or actual disabilities. Furthermore, it is also a place for adults with intellectual disabilities and/or multiple disabilities.

Our newly established MZEB offers people, who need a special expertise, due to the type, severity or complexity of their disability, extended diagnostics and advice in an interdisciplinary team. The specific need of care for people with intellectual disabilities or severe multiple disabilities results predominantly from their missing or reduced ability to communicate.

The MZEB sees itself as a supplement in the German healthcare system. In close coordination with the patients and their parents or caregivers, it carries out additional necessary medical diagnostic, creates a therapy plan and ensures the best possible supply of medicines and aids. The aim is to bundle the relevant medical information of the patient and to coordinate the cooperation with specialists for specific topics.

At our headquarters in Trier and our five branch offices (Bitburg, Daun, Hermeskeil, Prüm and Wittlich), we treat round about 4,000 children, teenagers and adults and employ around 130 people.

Your tasks:

- 🎯 Comprehensive, multidimensional diagnostics and treatments as part of the ambulant care for adults with disabilities.
- 🎯 Coordination of medical specialist and therapy recommendations to further treating physicians.
- 🎯 Planning the necessary goals and actions with the disabled people and their caregiver.
- 🎯 Cooperation with interdisciplinary departments within the MZEB and working together on the activities.
- 🎯 Transition of young adults with disabilities from the SPZ to the MZEB.
- 🎯 Cooperation with the regional supply structures, development and maintenance of cooperation and networking.
- 🎯 Management of the employees of the MZEB.
- 🎯 Ensuring quality-oriented and economically efficient performance.

Your qualifications:

- Specialist in general medicine or internal medicine.
- A certificate for the structured curricular advanced training "Medical care for people with mental or multiple disabilities" from the German Medical Association is a prerequisite or can be obtained in a timely manner while working in our MZEB.
- Additional training in psychiatry and psychotherapy or neurology and EEG certificate are desirable, but not a requirement.
- Willingness for interdisciplinary and interprofessional cooperation.
- Ability to make decisions and work independently.
- High ability to work in a team, flexibility, resilience and social skills.
- Constant willingness for further education and advanced training.
- You are able to work structurally, have organizing abilities and can lead and motivate a qualified, committed team.
- Safe handling of MS Office products (Word, Excel, Outlook) and very good experience in the use of specialist software for documentation.
- German language spoken and written.

Our offer:

- Very interesting and varied workplace in an interdisciplinary team
- permanent employment
- Good technical equipment (EEG, ultrasound, ECG, hearing diagnostics, video, neurophysiological examination station, Galileo, therapeutic treadmill)
- Compensation according to TVÄ- VKA (Marburger Bund Tarif) with additional retirement benefits, all other regulations are based on TV-L
- Qualified further training internally and externally (further education and training, Supervision)
- No night-, weekend- or on-call duties
- Your workplace will be Trier - Germany's oldest city with many UNESCO World Heritage sites and other cultural monuments - located in the scenic Moselle valley, bordering on the low mountain range regions of Eifel and Hunsrück, not far from the Luxembourg and French border, with a population of 110k, known as a University City.

Are you interest? Than we are looking forward to your application:
